About Aircraft & Commercial Enterprises, Inc. “A.C.E.®”

Headquartered in Derby, Kansas, Aircraft & Commercial Enterprises (A.C.E.®) has been serving customers since 1984 (42 years) and is a certified Economically Disadvantaged Woman-Owned Small Business (EDWOSB) with a nationwide team of 40 employees serving the aerospace, defense, space, rail, automotive, and industrial markets. A.C.E.® specializes in electrical, identification, interconnect, and wire-management solutions, including connectors, backshells, identification and labeling systems, wire and cable, heat-shrink products, tapes, sleeving, and other wire-harness components. Through a strong portfolio of trusted manufacturer partners and in-house capabilities, A.C.E.® provides the products and technical expertise required to support demanding aerospace and defense applications and critical production programs.

What Sets A.C.E.® Apart

A.C.E.® combines the capabilities of a national distributor with the flexibility and responsiveness of a specialized supplier. Our solution-driven approach goes beyond product sourcing, providing technical expertise to identify the right products, develop alternatives, address application requirements, and overcome supply-chain challenges. With experienced professionals and strong manufacturer relationships, A.C.E.® delivers quality, reliability, and responsive support for complex aerospace and defense requirements.
